

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, January 28, 1964

The regular meeting of the Air Pollution Board was held Tuesday evening, January 28, 1964, at 7:30 p.m., Room 136, City Hall.

Present: Board Members Ansley, Bintz, Dodson and Tableman—4.

Absent: Board Members Crist, Lee, Oeming and Ray—4.

Guests: Mr. Swift and Mr. Ford Ceasar, Principal at High Street School.

The meeting was called to order by Chairman Bintz. The secretary announced that a quorum was not present.

Minutes of the last meeting were approved as printed.

The Board has not received a progress report from Centrifugal Fusing as requested in our letter of November 27, 1963.

The Board received a letter from Mr. McKinstry, Fisher Body Corporation, indicating that Mr. Pesterfield would report on their progress to date. They are installing new burners to correct the situation. It is necessary to do these one at a time but installation should be completed in about 120 days. They plan to discuss the situation individually with the neighbors as the need arises. Our engineer recommended that they raise their stack and they are taking this recommendation under advisement. Hold in abeyance pending completion of their installation.

The Board has not received a response to their letter of November 27, 1963, to

Atlas Drop Forge. The Board decided to contact them again via certified mail.

Mr. Pesterfield reported that Motor Wheel Corporation's new installation has been delayed due to late delivery of equipment. He feels the installation should be complete within three weeks. Continue to hold in abeyance.

Eastern High school has installed a new incinerator. This complaint answered to the satisfaction of the Board.

Closed.

Mr. Swift and Mr. Ceasar commented on the situation in the Centrifugal Fusing neighborhood. The Board will request a progress report prior to the next meeting.

There was a discussion of Public Law 88-206, the "Clean Air Act." The Board decided to follow through on this to determine what is being done to implement the law in Michigan.

The next meeting will be held February 25, 1964, at 7:30 p.m., Room 136, City Hall.

The meeting adjourned at 8:20 p.m.

Respectfully submitted,

WESLEY BINTZ, Chairman,

NORMA DONOVAN, Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, February 25, 1964

The regular meeting of the Air Pollution Board was held Tuesday evening, February 25, 1964, at 7:30 p.m., in Room 136, City Hall.

Present: Board Members Ansley, Bintz, Crist, Dodson, Lee, Oeming and Tableman—7.

Absent: Board Member Ray—1.

Guest: Mr. Martin, Motor Wheel Corporation.

The meeting was called to order by Mr. Bintz. After roll call, the Secretary announced that a quorum was present. It was moved by Mr. Oeming, seconded by Mr. Dodson, that actions taken at the January 28 meeting be considered as official actions of the Board and the minutes of said meeting be approved as printed.

Motion carried.

Mr. Bintz read a letter from Ford Ceasar, Principal of High Street School, relative to the situation at Centrifugal Fusing. The letter was placed on file. Mr. Martin commented on the situation at the plant at the present time and a general discussion followed.

Mr. Martin reported that they have just run the first firing tests on the new equipment at Motor Wheel. He expects it will be about ten days before they are on a production basis.

Mr. Bintz read a letter from Mr. Sullivan of Atlas Drop Forge regarding the complaint involving that plant. They are in the process of installing new gas-fired equipment which should eliminate the problem. Installation will be completed later in the

year. The letter was placed on file. It was moved by Mr. Oeming, seconded by Mr. Crist, that the report be accepted.

Motion carried.

There were no reports from the Committees on Rules of Procedure or Publicity.

Mr. Bintz reported that, at a recent meeting in the Mayor's office, the 1964-1965 Budget was submitted at the same amounts requested for 1963-64.

Mr. Tableman submitted a draft of a letter to Mayor Bowerman proposing some revision of the Air Pollution Ordinance. The letter was reviewed and discussed. It was then moved by Mr. Tableman, seconded by Mr. Dodson, that the letter be submitted to the Mayor.

Motion carried.

Mr. Pesterfield reported that the Fisher Body installation is proceeding according to schedule and should be completed within the 120 days specified.

The next meeting will be held Tuesday evening, March 31, 1964, at 7:30 p.m., Room 136, City Hall.

It was moved by Mr. Ansley, seconded by Mr. Lee, that the meeting be adjourned.

Motion carried.

The meeting adjourned at 9:10 p.m.

Respectfully submitted,

WESLEY BINTZ, Chairman,

NORMA DONOVAN, Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, March 31, 1964

The regular meeting of the Air Pollution Board was held Tuesday evening, March 31, 1964, at 7:30 p.m., in Room 136, City Hall.

Present: Board Members Ansley, Bintz, Dodson, Lee, Ray and Tableman—6.

Absent: Board Members Crist and Oeming—2.

Guests: Mr. Swift and Mr. Ford Ceasar.

The meeting was called to order by Chairman Bintz. The secretary announced that a quorum was present. Minutes of the February meeting were approved as printed.

A communication was received and placed on file from Councilman Frank Perrin regarding K & C Metal.

Mr. Pesterfield reported that Fisher Body is progressing satisfactorily. Their installation should be completed within sixty days.

There was a discussion of the situation at Centrifugal Fusing. It was moved by Mr. Ansley, seconded by Mr. Dodson, that the citation against Centrifugal Fusing be referred to the City Attorney for legal action.

Motion carried.

Mr. Pesterfield reported that he had conducted an investigation at K & C Metal. The problem concerns metal grinding and

polishing exhaust from a fan into barrels. Barrels are presently covered with gunny sacks. The owner is investigating the feasibility of changing to fiberglass filters to better contain the particles. Mr. Pesterfield is following up on this complaint and will report to the principals involved as soon as he knows what action will be taken.

There was no report from the Committee on Rules of Procedure and Mr. Bintz has dismissed the Committee. There was no report from the Publicity Committee either.

Mr. Tableman reported on a meeting with City Officials aimed at strengthening our Air Pollution Ordinance. The Assistant City Attorney is presently gathering information on what other cities have.

Mr. Pesterfield reported that he has been observing Centrifugal Fusing emanations for several consecutive days. It ranges from white smoke to very bad.

The next meeting will be held Tuesday evening, April 21, 1964, at 7:30 p.m., Room 136, City Hall.

It was moved by Mr. Ansley, seconded by Mr. Lee, that the meeting be adjourned.

Motion carried.

The meeting was adjourned at 8:30 p.m.

Respectfully submitted,

WESLEY BINTZ,
Chairman,

NORMA DONOVAN,
Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, April 21, 1964

The regular meeting of the Air Pollution Board was held Tuesday evening, April 21, 1964, at 7:30 p.m., in Room 136, City Hall.

Present: Board Members Ansley, Bintz, Dodson, Lee, Oeming, Ray and Tableman—7.

Absent: Board Member Crist—1.

The meeting was called to order by Chairman Bintz. The secretary announced that a quorum was present. Minutes of the March meeting were approved as printed.

Mr. Pesterfield reported that the installation at Motor Wheel Corporation had been completed and that he had made several investigations to ascertain its effectiveness. There is no evidence of effluent from the plant. He recommended that this complaint be closed.

The Board so ordered.

The Engineer reported that K & C Metal is in the process of letting a contract for correcting the complaint concerning their company. Mr. Pesterfield recommended that this be held in abeyance pending further investigation.

Fisher Body Division, GMC, has indicated that they will be ready for analysis of their new installation by May 1 and expect that it will be completed by that time. Mr. Pesterfield will report on results at the next meeting.

A complaint has been received against Goodyear Tire and Rubber Company. They are in violation of the ordinance by permitting emission of solid particulate from their recapping process. Mr. Pesterfield referred them to the Michigan Department of Health for engineering assistance and recommended that the complaint be held in abeyance pending further investigation during the next month.

Mr. Pesterfield reported that he had been contacted by Marshall Chamberlain of the Tri-County Planning Commission who requested that the Board pinpoint the major air pollution sources in the city and the contaminant involved. Mr. Pesterfield indicated that he would be happy to cooperate and the Board so ordered.

A communication was received and placed on file from the City Attorney requesting more information on the referral regarding Centrifugal Fusing. Mr. Bintz requested that Mr. Tableman set up a meeting with the Attorney for the Chairman, Vice-Chairman, Engineer and other Board members who could attend.

Mr. Bintz presented some material regarding federal air pollution control grants and asked Mr. Tableman to report on the contents at the next meeting.

Some discussion followed presentation of an article regarding air pollution and professional engineers. It was moved by Mr. Oeming, seconded by Mr. Ansley, that the Chairman contact the Grand Valley Chapter of the Michigan Society of Professional Engineers, enlisting their cooperation, advice and counsel in the matter of air pollution.

Motion carried.

Mr. Tableman reported on the meeting with the Council Finance Committee. They felt the meeting provided a very worthwhile opportunity for an exchange of ideas.

Mr. Pesterfield requested permission to attend the annual meeting of the Air Pollution Control Association in Texas in June. It was moved by Mr. Ansley, seconded by Mr. Oeming, that the Engineer be authorized to go to the meeting and that appropriate expenses be allowed.

Motion carried.

The next meeting of the Board will be held Tuesday evening, May 26, 1964, at 7:30 p.m., in Room 136, City Hall.

It was moved by Mr. Oeming, seconded by Mr. Ansley, that we adjourn.

Motion carried.

The meeting was adjourned at 8:10 p.m.

Respectfully submitted,

WESLEY BINTZ, Chairman,
NORMA DONOVAN, Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, May 26, 1964

The regular meeting of the Air Pollution Board was held Tuesday evening, May 26, 1964, at 8:00 p.m., in Room 136, City Hall.

Present: Board Members Bintz, Lee, Ray and Tableman—4.

Absent: Board Members Ansley, Crist, Dodson and Oeming—4.

Guests: Mr. Gerald Graves; Mr. Bob Backus, Mr. Thomas Grost and Mr. Elgin Clark of the Michigan Society of Professional Engineers; Mr. Dick Backus and Mr. Irving Davis, Michigan Department of Health.

It was moved by Mr. Ray, seconded by Mr. Tableman, that the Board waive the rules and declare a quorum present.

Motion carried.

Mr. Pesterfield reported that K & C Metal is apparently not operating. No evidence of any changes.

Mr. Pesterfield reported that Fisher Body has completed initial burner installations. Additional modifications to comply with the original proposal are now in effect. He will check operations on May 27, 1964.

Mr. Graves spoke in behalf of interested citizens on West Shiawassee. He gave a brief history of their attempts to alleviate the situation with direct plant contacts. Citizens in his area have experienced sore throats, eyes, nosebleeds and breathing difficulties which they believe are attributable to pollution from Fisher Body. He asks what is being done.

Mr. Graves was advised to enter an official complaint with the City Clerk.

It was moved by Mr. Tableman, seconded by Mr. Ray, that the Board take notice of the petitioner Gerald Graves on the conditions at Fisher Body on May 25 and 26 and that the engineer be directed to investigate the complaint and report his findings at our next meeting.

Motion carried.

Goodyear Tire and Rubber Company have received recommendations from the Michigan Department of Health concerning correction of their problem and, on request, the engineer provided names of suppliers. Mr. Pesterfield recommends holding pending further investigation.

Mr. Pesterfield reports numerous telephone complaints regarding Davidson Chemical. Investigations indicate the company in violation. The engineer contacted the company and operations were halted. The next day he received more complaints and again found the company in violation. It was moved by Mr. Tableman, seconded by Mr. Lee, that the Air Pollution Engineer be directed to investigate the situation at Davidson Chemical and report his findings at our next meeting as to whether or not they are in violation and his recommendations.

Motion carried.

Mr. Tableman reported on the meeting with the City Attorney regarding Centrifugal Fusing. Messrs. Ansley, Bintz, Tableman and Pesterfield attended the meeting on May 22. The purpose of the meeting was to bring the City Attorney up to date on the history of the citation. It was moved by Mr. Tableman, seconded by Mr. Lee, that pictures be taken at High Street School of the situation as it exists at present and that statements be gathered from those in the area in order to support the City Attorney in his prosecution of the case.

Motion carried.

The Secretary was instructed to contact Mr. Ansley to see whether he could arrange for such pictures and statements.

The Secretary presented copies of the air pollution codes from Saginaw, Grand Rapids and Detroit.

Mr. Pesterfield reported that he had cooperated with the Tri-County Planning Commission as instructed.

There was a general discussion of the air pollution problem in Lansing and the help the Michigan Society of Professional Engineers could give us on the local state and national level. Mr. Backus indicated that the Society would be glad to work with the Board on the problem. The Society was invited to have a representative meet with the Board each month.

The next meeting will be held June 30, 1964, at 7:30 p.m., in Room 136, City Hall.

It was moved by Mr. Lee, seconded by Mr. Ray, that we adjourn. Meeting adjourned at 8:50 p.m.

Respectfully submitted,

WESLEY BINTZ,
Chairman,

NORMA DONOVAN,
Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceeding, June 30, 1964

June 30, 1964

The regular meeting of the Air Pollution Board was held Tuesday evening, June 30, 1964, at 7:30 p.m., in Room 136, City Hall.

Present: Board Members Ansley, Bintz, Dodson, Lee, Ray and Tableman—6.

Absent: Board Members Crist and Oeming—2.

Guest: Mr. Elgin Clark, Michigan Society of Professional Engineers.

It was moved by Mr. Ansley, seconded by Mr. Ray, that the paragraph waiving the rules be deleted from the May 26, 1964, minutes and that the balance then be approved as printed.

Motion carried.

Mr. Pesterfield reported that there is still no activity at K & C Metal and recommended that the complaint be closed. It was moved by Mr. Ansley, seconded by Mr. Dodson, that the recommendation of the engineer in this matter be approved.

Motion carried.

Mr. Pesterfield presented a detailed report of the progress at Fisher Body. They have completed modification of one burner and are proceeding on the balance. The General Motors Industrial Hygiene Department has been called in on the odor problem. Air samples were collected and the paint manufacturer is being consulted in an effort to solve the problem. Mr. Pesterfield will report progress in this direction at the next meeting.

Mr. Tableman reported on a meeting called by City Attorney Reisig with officials of Centrifugal Fusing and Motor Wheel in an attempt to solve the problem by means other than legal action. Messrs. Kaiser, Martin, Dean, Ellsworth and Collier were present representing the com-

panies at the June 24 meeting. Mr. Reisig explained the position of the Board and the City and after some discussion, it was understood that Motor Wheel will take immediate steps to order and install the necessary afterburning equipment in the second stack at Centrifugal Fusing during the summer shutdown. Completion of this construction, in conjunction with the work done in the first stack last summer, will bring compliance with the citation issued some time ago. It was moved by Mr. Tableman, seconded by Mr. Lee, that we send a letter to Mayor Bowerman commending Mr. Reisig's handling of the situation and his fine cooperation with the Board.

Motion carried.

Mr. Pesterfield reported that we are again having complaints regarding Capitol Laundry. They have been in violation and Mr. Pesterfield feels that they should be cited if we receive any more complaints. He will report further at the July meeting.

Mr. Bintz commented on his year as Chairman of the Board. He then declared nominations open for Chairman for fiscal year 1964-1965. Mr. Tableman was nominated. It was moved by Mr. Dodson, seconded by Mr. Ray, that nominations be closed and Mr. Tableman declared elected unanimously. Motion carried. So declared.

Nominations were opened for election of Vice-Chairman. Mr. Oeming and Mr. Dodson were nominated. It was moved by Ansley, seconded by Mr. Lee, that nominations be closed. Motion carried. Ballots were distributed, collected and counted and Mr. Oeming was declared elected.

It was moved by Mr. Tableman, seconded by Mr. Ansley, that C. H. Pesterfield, Engineer, and Norma Donovan, Secretary, be reappointed for the fiscal year 1964-1965.

Motion carried.

Resolved: That the Board extend its thanks for his leadership during the year to Chairman Bintz. It was the feeling of the Board that a great deal has been accomplished during his term of office.

The next meeting will be held July 28, 1964, at 7:30 p.m., in Room 136, City Hall.

It was moved by Mr. Tableman, seconded

by Mr. Lee, that the meeting be adjourned.
Motion carried.

The meeting adjourned at 8:15 p.m.

Respectfully submitted,

WESLEY BINTZ,
Chairman,

NORMA DONOVAN,
Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, July 28, 1964

The regular meeting of the Air Pollution Board was held Tuesday evening, July 28, 1964, at 7:30 p.m., in Room 136, City Hall.

Present: Board Members Ansley, Crist, Lee, Ray and Tableman—5.

Absent: Board Members Bintz, Dodson and Oeming—3.

The meeting was called to order by Chairman Tableman. It was noted that Messrs. Ansley, Bintz, Tableman and Pesterfield attending the meeting with the City Attorney on behalf of the Board in the matter concerning Centrifugal Fusing. It was moved by Mr. Ansley, seconded by Mr. Lee, that the minutes of the last meeting be accepted as corrected.

Motion carried.

Mr. Pesterfield reported that the General Motors Industrial Hygiene Department is working on the problem at Fisher Body and recommended that the complaint be held pending completion of their experimental program. It was moved by Mr. Ansley, seconded by Mr. Crist, that the Board concur with the recommendations of the engineer.

Motion carried.

Davison Chemical has once again caused numerous complaints. Mr. Pesterfield recommends that the Company be called before the Board to Show Cause why they should not be cited as being in violation of the air pollution ordinance. It was moved by Mr. Ray, seconded by Mr. Lee, that the Board concur with the recommendations of the engineer.

Motion carried.

The secretary was instructed to prepare the necessary letters. The Board will also request that Mr. Davis, Michigan Department of Health, be present, if possible, and since legal action may be necessary in the future, requests that a representative of the City Attorney's office be present.

Mr. Pesterfield reported that Goodyear Tire and Rubber called in their equipment supplier and that several corrections were made on the equipment. He recommends that this complaint be held in abeyance pending results of these corrections. He

will check with the Bingham School principal concerning these results. It was moved by Mr. Ray, seconded by Mr. Ansley, that the Board concur with the recommendations of the engineer.

Motion carried.

Complaints has once again been received concerning Capital Laundry. On investigation, Mr. Pesterfield found a new manager who was not aware of past complaints and who had not been properly instructed in handling the equipment. Mr. Pesterfield recommends that this be held in abeyance pending proper instruction. It was moved by Mr. Ray, seconded by Mr. Lee, that the Board concur with the recommendations of the engineer.

Motion carried.

A new complaint regarding Boyett Quality Insulation concerned improper burning procedures and was referred to the City Fire Marshall.

A new complaint has been received concerning the Moores Park Station of the Board of Water and Light. Mr. Pesterfield contacted Mr. Erickson and he reported that the Board of Water and Light will place sampling containers in the area of the complaint to try to determine where the material is coming from. Mr. Pesterfield recommends holding this complaint in abeyance pending completion of the sampling project. It was moved by Mr. Ansley, seconded by Mr. Crist, that the Board concur with the recommendations of the engineer.

Motion carried.

The next meeting will be held September 22, 1964, at 7:30 p.m., in Room 136, City Hall. It was moved by Mr. Crist, seconded by Mr. Ray, that the meeting be adjourned.

Motion carried.

The meeting was adjourned at 8:15 p.m.

Respectfully submitted,
MARVIN TABLEMAN,
Chairman,
NORMA DONOVAN,
Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, September 22, 1964

The regular meeting of the Air Pollution Board was held on September 22, 1964, at 7:30 p.m., in Room 136, City Hall.

Present: Board Members Ansley, Crist, Dodson, Lee, Oeming and Tableman—6.

Absent: Board Members Bintz and Ray—2.

Guests: Mr. Swift; Mr. Loomis, Messrs. Harry Hubbard, John Ground II, Joseph E. Reynolds and Geo. H. Mack representing Davison Chemical Co.; Asst. City Attorney Thomas Brown; James Finucan, Executive Assistant to the Mayor; and Messrs. Irving Davis and B. D. Bloomfield, Michigan Department of Health.

The secretary called the roll and announced that a quorum was present. It was moved by Mr. Ansley, seconded by Mr. Dodson, that the minutes of the July meeting be approved as distributed.

Motion carried.

The first order of business was a Show Cause hearing regarding Davison Chemical Company. Mr. Pesterfield reported that he had received few official complaints but telephoned complaints have been numerous since May. Mr. Tableman summarized activities to date and asked the company to reply. Mr. Hubbard spoke for the company. He indicated that the company has spent thousands of dollars in the past to cooperate with the Board. He indicated that the company was unaware of the nature of the complaints for which they were to reply. He concluded by requesting that Mr. Pesterfield and the Michigan Department of Health conduct a survey of the plant and the surrounding area to determine the nature and extent of the complaints. Mr. Davis summarized the activities of the Michigan Department of Health to date. They now recommend a new survey. A discussion by the Board followed. Under questioning, company representatives admitted that parts of the plant are in need of repair.

It was moved by Mr. Ansley, seconded by Mr. Crist, that the hearing be closed.

Motion carried.

After a brief recess, the Board reconvened. Another discussion of the Davison Chemical problem followed. Mr. Brown discussed the legal viewpoint. It was moved by Mr. Ansley, seconded by Mr. Lee, that Davison Chemical Company be cited as being in violation of Section 21-18 of the Code of the City of Lansing and that action on the citation be held in abeyance for sixty (60) days, at the end of which time the company is requested to submit to this Board a report of its analysis of its air pollution problem and its proposals for corrective measures.

Motion carried.

It was moved by Mr. Oeming, seconded by Mr. Ansley, that the Board request the City Council to provide funds to assist the Michigan Department of Health in making a neighborhood survey to subjectively determine the character and extent of the problem associated with the Davison Chemical Company, Centrifugal Fusing and any other companies thought to be involved.

Motion carried.

Mr. Pesterfield reported that equipment repair at Goodyear Tire and Rubber Co. has been satisfactorily completed and recommends closing this complaint. It was moved by Mr. Oeming, seconded by Mr. Dodson, that the Board concur with the recommendations of the Engineer.

Motion carried.

Mr. Pesterfield recommends continuation of the Board of Water and Light complaint. The proposed survey has been hampered by two deaths at the plant.

The new manager at Capital Laundry has evidently learned how to handle the equipment since we have received no further complaints. Mr. Pesterfield recommends closing.

It was moved by Mr. Ansley, seconded by Mr. Lee, that the Board concur with the recommendations of the Engineer.

Motion carried.

Mr. Pesterfield recommends continuation of the Fisher Body complaint. The company is awaiting recommendations from the Michigan Department of Health concerning a solution. Mr. Bloomfield commented briefly on the problem.

Mr. Pesterfield recommends that the Chairman of the Board contact Atlas Drop Forge concerning proposed installation of their new equipment since we have again received complaints concerning the company. The City Council has requested information concerning this problem. The Board concurred that the Chairman should request a written progress report from the company for our next meeting.

Mr. Pesterfield reported that an investigation revealed no basis for a complaint against Federal Drop Forge since the company uses gas. It was moved by Mr. Ansley, seconded by Mr. Oeming, that the case be dismissed for lack of grounds.

Motion carried.

An investigation of a complaint concerning Standard Block and Supply indicated that a fill dirt operation was being conducted in the immediate area and it was impossible to determine the cause of the complaint. Mr. Pesterfield recommends that we hold the complaint in abeyance pending completion of the filling operations. The Board requested that a letter be directed to the owner of the property being filled asking that he take action to reduce or eliminate the dust nuisance from this process if at all possible.

The complaint against Capitol Plastics involved a noise problem which is not within the scope of this Board. However, during the investigation Mr. Pesterfield noted a possible odor and dust problem and recommends that the complaint be held in abeyance pending further investigation.

Mr. Pesterfield reports that modifications at Centrifugal Fusing have been completed and recommends that the citation against this company be dropped. It was moved by Mr. Ansley, seconded by Mr. Lee, that the Board concur with the recommendations of the Engineer.

Motion carried.

The next meeting will be held October 27, 1964, at 7:30 p.m., in Room 136, City Hall.

It was moved by Mr. Ansley, seconded by Mr. Crist, that the meeting be adjourned.

Motion carried.

The meeting was adjourned at 9:40 p.m.

Respectfully submitted,

MARVIN TABLEMAN,
Chairman,

NORMA DONOVAN,
Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, October 27, 1964

The regular meeting of the Air Pollution Board was held Tuesday evening, October 27, 1964, at 7:30 p.m., in Room 136, City Hall.

Present: Board Members Ansley, Bintz, Dodson, Lee, Oeming and Tableman.

Absent: Board Members Crist and Ray.

Guests: Mr. Swift; Mr. Clark, Michigan Professional Engineers and Mr. Davis, Michigan Dept. of Health.

The meeting was called to order by Mr. Tableman. The secretary announced that a quorum was present. It was moved by Mr. Oeming, seconded by Mr. Ansley, that the minutes of the September meeting be approved as printed. Motion carried.

Mr. Tableman reported that the City Council had approved an expenditure of \$500 for a survey in the area of Centrifugal Fusing and Divison Chemical Co. in cooperation with the Michigan Dept. of Health. Mr. Davis reported that this survey is nearly completed. Work will begin shortly on tabulation of the data and we will probably have a report for our November meeting. Mr. Tableman commented that since the survey is not costing as much as had been anticipated, we will also survey the Fisher Body area to try to determine the extent of that problem.

The secretary read Mr. Pesterfield's report concerning the Board of Water and Light. They are trying to determine whether this was a "spot" or "area" complaint. He submitted a copy of a report received by the Board of Water and Light concerning the problem which indicates a potential fallout problem. He recommends continuing the complaint.

Fisher Body has been down for a month and the engineer was unable to obtain a progress report.

Mr. Pesterfield's report indicated that he had received no further complaints concern-

ing Atlas Drop Forge but that a report from the company was due tonight. Mr. Tableman read the report he had received. The first gas boiler was put into service on October 8 and they expected the coal burning equipment to be out of service by October 20. Demolition of the smoke stack was to begin immediately after that date. It was moved by Mr. Ansley, seconded by Mr. Dodson, that the complaint against Atlas Drop Forge be closed. Motion carried. The secretary was directed to notify the parties involved.

Mr. Pesterfield indicated that he had received no further complaints regarding Standard Block and Supply. Mr. Ansley indicated that he had visited the site and that the problem remained. He said cement dust covers everything. The Board directed Mr. Pesterfield to contact Standard Block and Supply regarding control of this problem.

Mr. Pesterfield indicated that he had spent some time at Capital Plastics. The original complaint regarded dust and there is no grinding in this facility. Their only possible contaminant, vapors from spray booth operations, are satisfactorily controlled by Brinks Spray Booths with water screens. He recommends closing the complaint. It was moved by Mr. Ansley, seconded by Mr. Bintz, that the complaint be closed. Motion carried.

The next meeting will be held Tuesday evening, November 24, 1964, at 7:30 p.m., Room 136, City Hall. It was moved by Mr. Oeming, seconded by Mr. Ansley, that we adjourn. Motion carried. The meeting was adjourned at 8:20 p.m.

Respectfully submitted,

MARVIN TABLEMAN,
Chairman,

NORMA DONOVAN,
Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, November 24, 1964

The regular meeting of the Air Pollution Board was called to order at 7:30 p.m., Tuesday evening, November 24, 1964, in Room 136, City Hall, by Chairman Tableman. The secretary announced that a quorum was present.

Present: Board Members Ansley, Bintz, Crist, Dodson, Lee and Tableman.]

Absent: Board Members Oeming and Ray.

Guests: Mr. Swift; Mr. Davis of the Michigan Dept. of Health, and Mr. Jerry Gray.

It was moved by Mr. Ansley, seconded by Mr. Crist, that the minutes of the last meeting be approved as circulated.

Motion carried.

Mr. Pesterfield reported that the Board of Water and Light is still trying to determine the scope of their problem. Because of the micron size involved, they feel the problem may stem from their electrostatic precipitators. He recommends continuation.

Fisher Body is awaiting the results of the survey conducted in conjunction with the Michigan Department of Health. They hope the Health Department will suggest an avenue of approach to the problem.

Mr. Pesterfield re-investigated the problem concerning Standard Block and Supply in depth. The complainant owns the only residence in an area zoned "Heavy Industry" from four blocks north of Standard Block to Jolly Road. Standard Block plans an expansion in about two years and has made an offer to buy the property. Mr. Pesterfield has been informed that an asphalt plant will be located in the same area. He asked the Board for recommendations as to how to handle the problem.

After some discussion, it was moved by Mr. Bintz, seconded by Mr. Dodson, that Mr. Tableman and Mr. Ansley contact the complainant to discuss the Board's position and to try to assist in solving the problem.

Mr. Tableman presented a letter from Mr. Ground, Manager of Davison Chemical, requesting a 30-day extension in order to review the Michigan Department of Health survey and complete their plans. He indicated that they are making some changes now. It was moved by Mr. Bintz, seconded by Mr. Ansley, that the extension be granted.

Motion carried.

There was some discussion of the proposed new asphalt plant. Since this type of plant can present a serious air pollution problem, it was moved by Mr. Ansley, seconded by Mr. Bintz, that the Board express its concern in a letter to Mayor Bowerman, suggesting that the Board would like an opportunity to meet with the owners and review plans for this, or any other new industry, to try to prevent the problem from arising.

Motion carried.

Mr. Tableman acknowledged receipt of a letter from William T. Lloyd, through Mayor Bowerman, concerning the "Clean Air Act" and a copy of a letter from R. William Reid, attorney, to Motor Wheel Corporation regarding his client, Mr. Miguel Bonilla.

Mr. Davis gave a progress report on the Davison, et al, area survey and the Fisher Body area survey.

The next meeting will be held Tuesday evening, December 29, 1964, at 7:30 p.m., in Room 136, City Hall.

It was moved by Mr. Lee, seconded by Mr. Dodson, that the meeting be adjourned.

Motion carried.

The meeting was adjourned at 9:05 p.m.

Respectfully submitted,

M. TABLEMAN,
Chairman;

N. DONOVAN,
Secretary.

OFFICIAL PROCEEDINGS OF AIR POLLUTION CONTROL BOARD OF THE CITY OF LANSING

Proceedings, December 29, 1964

The regular meeting of the Air Pollution Board was held Tuesday evening, December 29, 1964, at 7:30 p.m., in Room 136, City Hall.

Present: Board Members Bintz, Dodson, Lee, Ray and Tableman—5.

Absent: Board Members Ansley, Crist and Oeming—3.

Guest: Mr. Swift—1.

The meeting was called to order by Chairman Tableman. The secretary announced that a quorum was present. It was moved by Mr. Dodson, seconded by Mr. Lee, that the minutes of the November meeting be approved as printed.

Motion carried.

Mr. Tableman reported that he and Mr. Ansley had checked with the Assessor's Office regarding property values in the area of Standard Block and Supply but had not been able to arrange a meeting with the Complainant.

Mr. Pesterfield reported that the Board of Water and Light has completed qualitative tests on the Moores Park Plant and that they have requested use of the Board Fallout Station in quantitative tests. Approval was granted. Present indications are that the plant is emitting particulate matter.

The Engineer reported briefly on an area survey concerning Capital Laundry. This report should be available for mailing with the next copy of our agenda.

The Fisher Body and Davison-Centrifugal Fusing Area Surveys are complete. Reports should be available for our next meeting.

Mr. Pesterfield reported a new complaint concerning Centrifugal Fusing.

Mr. Tableman presented a communication from Mr. Croun of Davison Chemical indicating that the plant has made some changes and setting up January 4, 1965, 10:00 a.m., as an opportunity for Board Members to see these changes.

After some discussion, the Board indicated that, if the reports are ready, all interested parties should be notified of our next meeting for an opportunity to discuss the various situations.

The next meeting will be held Tuesday, January 26, 1965, at 7:30 p.m., in Room 136, City Hall.

It was moved by Mr. Bintz, seconded by Mr. Lee, that we adjourn.

Motion carried.

The meeting was adjourned at 8:20 p.m.

Respectfully submitted,

MARVIN TABLEMAN,
Chairman,

NORMA DONOVAN,
Secretary.
